Gulliver's Travels Lesson Plan eNotes
Gulliver’s Travels was published in 1726 to immediate success and much controversy. Author Jonathan Swift wrote to his friend Alexander Pope that the purpose of his writing “is to vex the world rather than divert it.” Swift was a well-known Anglican priest, intellectual, historian, and political satirist. While he wrote Gulliver’s Travels about a set of political and social conflicts at the time leading to the Age of Enlightenment, the Industrial Revolution, and wars between England and France, this novel derives its staying power from its vivid depiction of human avarice, corruption, and oppression. Lemuel Gulliver, a sea-loving surgeon and “everyman” who travels to four lands and has numerous adventures, narrates Gulliver’s Travels in the past tense. eNotes lesson plans have been written, tested, and approved by working classroom teachers.
This lesson plan for Gulliver's Travels features an in-depth introductory lecture, discussion questions, vocabulary lists, chapter-by-chapter study questions, a multiple-choice test, and essay questions. Complete answer keys are also included!
