The Canons of the Church of England are an essential reference for anyone responsible for the legal aspects of running a church. This First Supplement to the Seventh Edition of the Canons (2012) contains loose-leaf, drilled pages that bring the Seventh Edition up to date with recent amendments.

It incorporates the changes effected by Amending Canon No. 31 (which made minor changes to a large number of Canons) and the historic Amending Canon No. 33 which made it legal for women to become bishops in the Church of England.

Please note this supplement is designed for insertion into the Seventh Edition Canons binder, and should not be used independently of such.
