Sleeping with cat.: Secrets of feline therapy. Alex Black
"Cats are a mystery. They are both God-sent and the devil's laughter. They scratch furniture and wake us at night. Don't expect them to simply ask for food - they demand it. They look down upon dogs and at the sight of a loose piece of thread they can go wild. They carefully pick which human they are going to like and they purr. At the sound of their purring we are ready to forgive them for even the ugliest of their sins".
What is feline therapy? What is this gift that we receive from the cat? Well, this small compendium of knowledge about purring, healing and all cat`s blessings will try to answer these questions.
Feline therapy is going to be the main field of thought in this book as well as the bond that creates an unseen bridge between man and animal and is able to heal both soul and body.
