Time of the Twins: The Story of Lex and Livia Kendall Jenner, Kylie Jenner
***Time of the Twins*, the much anticipated second novel in Kendall and Kylie Jenner's thrilling sci-fi adventure, follows the story of twin sisters Lex and Livia as they make a grueling journey in search of the mother they thought was dead and face a prophecy impossible to deny.**

When we last left the sisters in *Rebels: City of Indra*, Lex, an impulsive cadet who survived the savage underground orphanage in Rock Bottom, and Livia, a pampered heiress who felt trapped living in luxury on a sky island, had just found out they were twins prohibited by Indra's tyrannical Independent High Council. Now, the sisters, who barely know each other, are forced to escape the city of Indra, which had been their home and their prison. With help from Kane, Lex's best friend, and Zavier, a gruff rebel who would prefer to leave them all behind, they make the grueling journey through the dangerous underground tunnels to the rebel-controlled Outlands in search of the mother they thought was dead. But that is just the beginning, as they will have to face an ancient prophecy that suggests they could be the long-awaited "twin saviors," destined to save the City of Indra and all of its people. Will Lex and Livia decide to fulfill this powerful and daunting prophecy in time to save Indra from destruction?
