"Lily's Favorite Tree" is a wonderful kid's tale, full of mystery, unexpected surprises and an imaginative plot. The story is based on a girl's friendship with a large and unusual tree that lives in her backyard. Lily's favorite tree sends her leaf messages, or as Lily likes to say, "The tree leaves me a message." One day, the funny tree tells twelve-year-old, Lily, and her mom, that he has a big surprise for them. That's an understatement. The surprise is 'out of this world'. But, just like her friendship with the tree, Lily's interaction with the surprise is also based on friendship and support. Lily learns many new life-lessons as a result of the tree's presence in her life, including her first real friendship with a boy, Tom Darnel. Lily is able to confide, her new thoughts and feelings, in her tree, and she is delighted when her mom decides to support her as well. This creative storyline has been developed in four books, for three different reading levels. Have fun reading, "You, Me and the Tree," to your children when they're around seven-years-old. Once they know the storyline, they can read, "Lily's Favorite Tree," which is based on twelve-year-old, Lily. Both books focus on the attributes of friendship and support. This is a great way to expand your child's vocabulary. And then, for the parents, indulge in the adult murder mysteries depicted in, "Between the Trees," followed by the sequel, "Among the Trees."
