Dabresha Goes to France; An Urban Girl's Adventure Outside of Her Comfort Zone Anastascia Duchesse
This coming-of-age urban adventure novel details the life of Dabresha Davis, a tough-minded Texan who grew up in a neighborhood where drama, police nonsense, and poverty are no stranger to its inhabitants. Dabresha is a fresh community college student with a love for partying, dancing, and shopping for fresh fashion, thanks to her late mother who always looked fabulous 24/7. We meet her in the early millennium a year after she meagerly finishes high school. She is giving minimal effort in her college classes and staying in school solely to appease her irritable stepfather while using the campus environment as her primary means of socializing and staying linked to parties. When she is approached with an unthinkable idea, an opportunity to apply for a scholarship to take summer courses in Europe, she brushes the idea off right away and deems it foolish. Her surroundings taught her that going anywhere outside of the South was too difficult or just not all that important, and that traveling could only be done by 'first-class' people with private jets and extravagant careers. As tensions begin to mount between her boyfriend Darrien, her stiff-necked boss at her sub-par job, and with her bratty little sister Delilah at her family home, she starts to view the seemingly foolish opportunity as a chance to temporarily escape her drama-filled life in Texas. Against the wishes of her best friend Laydee, she decides to apply for one of the craziest things she'd ever think she'd do. Will 'Bre' be able to conquer the criticisms and fears that her small-town environment instilled in her to garner the courage to board her first plane? Will she be able to survive a summer across the world without her family, her friends, and above all, without money? Self-discovery, renewing of the mind, changing of perspectives, and true love may all lay ahead in Dabresha's adventure if she can commit to taking the chance.
