JavaScript Creativity: Exploring the Modern Capabilities of JavaScript and HTML5 Shane Hudson

JavaScript Creativity teaches you how to use every feature of this versatile and powerful language in exciting and creative ways. JavaScript can be used for so much more than simple interactivity. Master your use of canvas, animation, audio and video, 3D visualizations, motion detection and real-time collaboration. In every chapter of this book you will learn how to use and evolve JavaScript's creative capabilities in your own projects, as well as having project examples to follow throughout. Specifically, you will learn how to:

- Expertly use canvas and animation
- Push audio and video to their full capabilities
- Code and manipulate advanced 3D visualizations
- Create your own music directly from the browser
- Implement real-time collaboration with Node.js
- Explore real-time audio and video with WebRTC
- Play with motion detection and gesture control
- Combine all features into one social music creation experiment, similar to Google's 'Jam with Chrome'

JavaScript Creativity is for the developer who has a working knowledge of JavaScript and wants to take their code to the next level. Every feature explored can be manipulated and implemented in your everyday projects to really impress your clients or just increase your code skill. This book is an exciting, action-packed introduction to all the advanced and truly creative aspects of this language - start creative coding today!

Danny Jarosz:

The particular book JavaScript Creativity: Exploring the Modern Capabilities of JavaScript and HTML5 has a lot associated with on it. So when you read this book you can get a lot of help. The book was compiled by the very famous author. The writer makes some research prior to write this book. This kind of book very easy to read you can find the point easily after scanning this book.

Thomas Ellis:

As a university student exactly feel bored to help reading. If their teacher questioned them to go to the library or even make summary for some book, they are complained. Just little students that has reading's internal or real their interest. They just do what the professor want, like asked to the library. They go to there but nothing reading really. Any students feel that looking at is not important, boring along with can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this JavaScript Creativity: Exploring the Modern Capabilities of JavaScript

and HTML5 can make you truly feel more interested to read.
