The Starbirth Assignment Part One: Shifter J M Johnson
Lock Harford is a gifted teleporter who works alongside British Special Forces in trouble spots around the world. He has the ability to move his body through a different dimension using only the power of thought. His skills such as taking passengers using teleportation and enhanced senses that allow him to detect living beings as energy pulses, make him invaluable to military and intelligence organisations.

Having acquired teleportation (Shifting) through accidental exposure to an unknown drug while in South America, Lock and his handlers are worried when a similar drug, Starbirth, starts to appear in the United States and Britain sold as an illegal 'high'. The results of Starbirth use are far more devastating than feared as criminal and insane teleporters (Shifters) begin to wreak havoc.

Lock and a small unit of covert operatives are given the task of finding the source of Starbirth and shutting it down, but their efforts are hindered by a number of ruthless people who have their own agendas to follow.

First book of a two-part story, concluding in The Starbirth Assignment Part Two: Transmutes.
The series continues in the third book, The Shifter Dimension.
