Charm D. Baker

Toxic Friends and Other Friendships: (Family & Relationship Guide) Charm D. Baker
Toxic Friends and Other Friendships is a valuable family and relationship guide for anyone who has ever been a friend or had a friend. That includes friends within your own family, as well as the people you share no kinship or blood with. Prepare to read and enjoy helpful advice about toxic and genuine friendships. It provides a candid look at both types of friends so you really start to see things objectively. This forces you to take a better look at the people in your own life who call themselves your friend. However read with caution, because it also helps you realize the kind of friend you truly are to those who value your friendship. “Like most relationships in life, friendships can be a very fragile and delicate thing. Distinguishing between true friends and toxic friends may not be all that easy. Sometimes we’re too close to a situation to be objective. Many have managed to close their eyes to the negative behavior of a life long toxic friend. But enabling people to treat you like crap, in the name of friendship, is not healthy for anyone involved.”
