Angel 6.0: Concubine Travis Luedke

I am faster, smarter, stronger. I am Angel 6.0, engineered to perfect the human genome. I might be the savior of the human race...if I can escape the Gran, ferocious alien cats who want to breed me for slave stock.

My name is Angel, and I live on Nugene Station. My days are filled with doctor's tests, but I spend my nights dancing in zero G, or in the arms of my secret lover, Carver Liddell.

Nugene is the sole outpost orbiting Jupiter where specially engineered human clones are bred for sale to the Gran. The treaty between humanity and the cats guarantees a constant supply of worker drones.

I am not a worker drone. I am something else. I am the untapped potential of the human genome, the next step in human evolution.

The cats finally noticed me, they know I am special. Now they want to breed me. Silly cats, don't they know clones are sterile?

Nugene is only the beginning of my story.
