Daughter Of Zeus Red Harvey
The future can be a terrifying prospect, especially when Ada Freyr discovers she can manipulate electricity. Ada is grief-stricken when her abilities result in the death of her husband and terrified of being discovered by the Prominent-run State. Unusual citizens are labeled Undesirable, and are never seen again.

Ada drives to Atlanta, intent on finding her father. She blames everything that's happened on him, and vows to kill him for ruining her life. However, once Ada meets her father, she realizes he's no longer the alcoholic she remembers: he's now a Congressman with a family and a new name, ready for a Senator's seat.

Ada's scheme lands her on the Undesirable list, leads a stranger to stalk her, and stunts her relationship with her siblings. Soon, she has to decide which is more important: a vendetta, or forgiveness.
