**Quantum Physics for Dummies 2016: It's seriously for non critical thinkers** Brett Salisbury
Quantum Physics for Dummies by Brett Salisbury (US|UK) "For the last entry we have something fun — a book on quantum physics written by an author of such books as “The Victoria Secret Body”, “A Can Named Lester” and “Transform: The Secrets of the Male Body”. Along with Aerospace Engineers for Dummies. Aren’t you confused yet? Well, how about another fact — the author retired professional football player with an IQ of 148. If that didn’t get you interested in reading the book, I guess, nothing will. P.S. I recommend this one only for the more adventurous readers." Source:
