The great Islamic Dynasties of the Mediterranean are the protagonists of this book, together with their fascinating artistic and cultural legacy. Thirty-nine scholars, museum curators and experts in cultural heritage, from 14 countries in Europe, North Africa and the Middle East, are the authors of the 22 chapters that take the reader through 13 centuries of Islamic history from the period of the Prophet Muhammad up until the end of the Ottoman Empire (1922). Discover Islamic Art in the Mediterranean is a collaborative work that was written for all those who share our idea that there is not only one history, but there are at least as many histories as there are peoples. The idea of this book is to contribute to a historically more accurate, and thus more authentic, understanding of Islam by offering different perspectives of interpreting history, art and culture.
