El lado oculto del TDAH en la edad adulta: Una propuesta inclusiva desde lo profesional y la experiencia (Spanish Edition)

El lado oculto del TDAH en la edad adulta: Una propuesta inclusiva desde lo profesional y la experiencia (Spanish Edition)

Three of the most prestigious international attention deficit/hyperactivity disorder (ADHD) experts offer a series of testimonials full of sensitivity and creativity, written by adults with ADHD. This reference helps others understand ADHD from a positive perspective, presenting detailed analyses of how the disorder, if not properly treated, can affect the afflicted in a negative manner for the rest of their lives, aggravating the risk of comorbidity that can come with this affliction. ADHD can prevent people from enjoying decent, full, quality lives within a society that doesn't always understand them or their disorder—but it doesn't have to. This guide was conceived by professionals for those who have ADHD, family members of ADHD sufferers, university students, and the general public who may be curious, or concerned, about ADHD and want to know more about how they can contribute positively to enrich society.
