The Boids are back in town . . .

The follow-up to the award-winning *Extinct Boids*, this book features more of the incredible art of cartoonist Ralph Steadman. This time, the focus is not on the birds that are gone, but on the ones that there is still time left to save. These are the 192 critically endangered birds on the IUCN Red List, species such as the Giant Ibis, the Kakapo, the Sumatran Ground-cuckoo and the iconic Spoon-billed Sandpiper--these, along with a number of classic Steadman creations such as the Unsociable Lapwing, are the Nearly-Extinct Boids.

Woids are again by author, conservationist, and filmmaker Ceri Levy. Together, Ceri and Ralph are THE GONZOVATIONISTS.

A portion of the proceeds from this book will go to BirdLife International to help them prevent the Nextinction.
