What I Learned From The 48 Laws of Power Ethen Carrell
I want to start this book by saying that The 48 Laws of Power is a great book and I am by no means trying to steal the content within it.

I give credit where credit is due and a lot of the knowledge in this book comes from what I learned from Robert Greene and The 48 Laws of Power.

I write this to try to simplify the laws and make them more understandable to more people.

I believe that applying this knowledge to your life can definitely impact your perspective in a positive manner.
