A Room With a View: Classroom Edition E. M. Forster
This Classroom Edition of Forster's classic novel A Room with a View, the second of his Italian novels and arguably his most amusing work, contains questions for discussion after each chapter to aid students with reading comprehension, critical thinking, cultural understanding, and a close reading of the text. "Forster's innovation remains: he allowed the English comic novel the possibility of a spiritual and bodily life, not simply to exist as an exquisitely worked game of social ethics but as a messy human concoction. He expanded the comic novel's ethical space (while unbalancing its moral certainties) simply by letting more of life in . Austen asks for toleration from her readers. Forster demands something far stickier, more shameful: love." - Zadie Smith
