Martin Fowler

Domain-Specific Languages (Addison-Wesley Signature Series (Fowler)) Martin Fowler
When carefully selected and used, Domain-Specific Languages (DSLs) may simplify complex code, promote effective communication with customers, improve productivity, and unclog development bottlenecks. In ***Domain-Specific Languages*** , noted software development expert Martin Fowler first provides the information software professionals need to decide if and when to utilize DSLs. Then, where DSLs prove suitable, Fowler presents effective techniques for building them, and guides software engineers in choosing the right approaches for their applications.

This book's techniques may be utilized with most modern object-oriented languages; the author provides numerous examples in Java and C#, as well as selected examples in Ruby. Wherever possible, chapters are organized to be self-standing, and most reference topics are presented in a familiar patterns format.
Armed with this wide-ranging book, developers will have the knowledge they need to make important decisions about DSLs—and, where appropriate, gain the significant technical and business benefits they offer.

The topics covered include:
- How DSLs compare to frameworks and libraries, and when those alternatives are sufficient
- Using parsers and parser generators, and parsing external DSLs
- Understanding, comparing, and choosing DSL language constructs
- Determining whether to use code generation, and comparing code generation strategies
- Previewing new language workbench tools for creating DSLs

From reader reviews:

Jack Cluck:

Precisely why? Because this Domain-Specific Languages (Addison-Wesley Signature Series (Fowler)) is an unordinary book that the inside of the publication waiting for you to snap it but latter it will shock you with the secret the item inside. Reading this book close to it was fantastic author who else write the book in such amazing way makes the content on the inside easier to understand, entertaining approach but still convey the meaning completely. So , it is good for you for not hesitating having this ever again or you going to regret it. This amazing book will give you a lot of advantages than the other book have such as help improving your proficiency and your critical thinking method. So , still want to postpone having that book? If I have been you I will go to the e-book store hurriedly.

Sally Staten:

Your reading 6th sense will not betray an individual, why because this Domain-Specific Languages (Addison-Wesley Signature Series (Fowler)) e-book written by well-known writer who knows well how to make book which might be understand by anyone who all read the book. Written inside good manner for you, leaking every ideas and creating skill only for eliminate your hunger then you still question Domain-Specific Languages (Addison-Wesley Signature Series (Fowler)) as good book not just by the cover but also from the content. This is one publication that can break don't evaluate book by its handle, so do you still needing another sixth sense to pick this kind of!? Oh come on your reading sixth sense already told you so why you have to listening to one more sixth sense.

Raymond Bailey:

Are you kind of busy person, only have 10 or even 15 minute in your day to upgrading your mind proficiency or thinking skill possibly analytical thinking? Then you are receiving problem with the book as compared to can satisfy your short period of time to read it because all of this time you only find book that need more time to be learn. Domain-Specific Languages (Addison-Wesley Signature Series (Fowler)) can be your answer since it can be read by you who have those short spare time problems.

Elizabeth Blake:

As a pupil exactly feel bored to be able to reading. If their teacher questioned them to go to the library in order to make summary for some reserve, they are complained. Just minor students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to go to the library. They go to generally there but nothing reading seriously. Any students feel that examining is not important, boring and can't see colorful pics on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this Domain-Specific Languages (Addison-Wesley Signature Series (Fowler)) can make you experience more interested to read.
