Putting Analysis into Child and Family Assessment bridges theory and practice, and provides clear guidance to improve assessments in child and family social work.

It addresses the issues of central concern to child and family social workers, including analytical assessment, outlines how to avoid common pitfalls, provides strong theoretical foundations, and demonstrates how the theory can be translated into practice. With reference to common and specialist assessments, the book covers every stage of the assessment process: planning and preparation, hypothesising, involving children, and making, recording and reviewing decisions. It features practice tools, case studies and practice development sessions and activities. This third edition has been fully updated with recent policy changes and new research findings.

This book will be valued by practitioners, managers, trainers and lecturers looking for a grounded resource which provides practical guidance on how to improve assessments.
