Sniper: Master of Terrain, Technology, And Timing, He Is A Hunter Of Human Prey And The Military's Most Feared Fighter. Adrian Gilbert

An acclaimed military historian leads you into the world of the combat sniper-on the safe side of the crosshairs...

From the black-powder chaos of the American Revolution to the bitter carnage of Vietnam, he is a presence as familiar to war as death itself. He is the combat sniper-revered as the ultimate warrior by some and reviled as a monster by those who have known the terror of his invisible ambush.

As the "Wild Boys" who crawled the no-man's-land between the trenches in WWI, terrorizing the enemy and dodging fire from the shelter of shell craters.

As the officer-hunting German snipers is WWII's Normandy-so unnerving that hardened commanders began to disguise their rank.

As the men who boasted a shot/ill ration of 1.7 to 1 in Vietnam-a figure that was 50,000 to 1 among general soldiers.

From the evolution of the art, to firsthand accounts of legendary exploits, through the basics of sniper training, *Sniper* traces the development of these feared huntsmen, marking their historical battles and their pivotal role in modern forces.

Includes 8 pages of authentic action photographs!
