You’re about to discover how to...
Whether for we walk in a private setting, whether we walk the public (politics), the individual, once out of the "natural state" (the atomisation and anarchy "natural"), faced on a daily basis with a number of dilemmas con of living. Whether taking and as a result, questioning how aware the difficulties of relating with each other, whether, as happens most often conform to the rules in force in the space of socio-moral and political man and citizen is obliged by the circumstances of existence Community to operate continuously in terms of actionable strategies.
Theoretical modelling of strategic situations in which the individual is caught during his actions socio-moral and political (for simplicity, we'll call the individual in action as "actor") is required to override all sizes real person (empirical). Otherwise, purely rational analysis of interactional contexts likely to be stained by extra-formal considerations such as, for example, the psycho-affective or cultural-spiritual traditions, like the "ideology" etc. It does not have to infer how the strategic analytics as one who despises or ignores atari characteristics of the human being.
