A Creationist's Approach to Organic Gardening

James A. Eagle

A Creationist's Approach to Organic Gardening James A. Eagle
Have you ever considered the wonder and perplexity of a plant in its struggle to survive and produce fruit? How does that small seed know when to sprout and burst forth into life? How can a small plant detect nutrients and moisture as far away as thirty feet, and then send roots out to obtain it? Author James Eagle explains these phenomena and helps you understand the critical issues facing your garden in A Creationist's Approach to Organic Gardening. This is your practical guide to understanding the scientific laws established to help us grow the natural food we were intended to eat. If you want the fruit and vegetables you grow to have the maximum amount of nutrients, as the Creator intended, A Creationist's Approach to Organic Gardening is here to get you on the right track. Your plants will thank you.
