Thesaurus of the Senses

Linda Hart

Thesaurus of the Senses Linda Hart

The difference between the almost right word and the right word is the difference between a lightning bug and lightning, Mark Twain once wrote. Throughout history, the timely use of the apt word has held enormous sway, in literature, speeches, and texts. How is it that some words hold such power? One thing we know: great words often engage the senses.

Thesaurus of the Senses expands your possibilities to see, hear, touch, taste, and smell to describe the world around you. It collects some of the best English sensory words in one place to enliven your writing and help you build persuasive description. It's an indispensable tool for writers, poets, bloggers, editors, storytellers, students, teachers, communicators, and word lovers alike — anyone wanting to add more spark to his or her writing.
