After Dad

Margaret Pitz

After Dad Margaret Pitz
After Dad, a coming-of-age tale with a difference, is the story of Ariel's emergence into the world after spending two years as the often-willing abductee of Will, a man who stopped at nothing to fulfill his obsessive fantasy. It is the story of her emotional healing and re-entry into normal life as she absorbs and comes to terms with all that had happened in those two years. Now living with her birth father, Arial faces the task of integrating with her peers and engaging in activities more appropriate for a sixteen-year-old. She befriends Pat, a fellow student in a philosophy class at the local college and a gadfly and catalyst for Ariel's growth and healing. She quickly becomes Ariel's window on the real world, a sounding board and a counterpoint and mirror for Ariels' feelings. They shape each other as together they reveal the full horror of what happened to Ariel in those missing two years. Told with humor and poignancy, this is a charming sequel to Finding Dad, an earlier novel by Margaret Pitz.
