D&D Miniatures Dragoneye Expansion Pack (Dungeon & Dragons Roleplaying Game: Miniatures)
Wizards Team
The Dragoneye Expansion Packs contain a randomized selection of figures designed to expand any collection of D&D miniatures. The Dragoneye set is the first set of new miniatures since the initial product line launch of the *Entry Pack* and *Harbinger Expansion Pack* in September 2003. The randomized figures in this set are drawn not only from the character classes and monsters described in the three Dungeons & Dragons¨ core rulebooks, but from other D&D products released around the same time, such as *Draconomicon*, *Complete Warrior*, and the *Dragonlance¨ Campaign Setting*. This set also features multiple dragon figures of varying sizes. Playable right out of the box, D&D Miniatures can be used to add three-dimensional definition to any roleplaying game campaign, and they can also be used to play skirmish and mass-battle combat scenarios.

Expansion pack components:
- 8 randomized miniatures with statistics cards

Details on the new D&D Miniatures line:
- Miniatures are pre-painted plastic and range between 40 mm and 65 mm in height
- There are 60 unique miniatures in the Dragoneye set release
- All miniatures packages are randomized and are made up of rare, uncommon, and common miniatures
- All miniatures in the product line will be drawn directly from the Dungeons & Dragons roleplaying game rulebooks and accessory books
