Fescue Toxicosis and Management

Craig Roberts, John Andrae

Fescue Toxicosis and Management Craig Roberts, John Andrae
Fescue Toxicosis and Management discusses the most devastating problem in forage-livestock agriculture and tells how to manage it. Readers will find an easy-to-understand description of this complex problem, along with recommendations that are practical for real farm use. Learn the best management techniques: endophyte testing | spray-smother-spray | use of tall fescue with novel endophytes | alkaloid management | incremental alleviation | livestock rotation | dilution with other forages | supplemental feeding | hay ammoniation | winter grazing management | and more...

The American Society of Agronomy, Crop Science Society of America, and Soil Science Society of America are prominent international scientific societies headquartered in Madison, Wisconsin. The Societies specialize in peer-reviewed, high-quality science titles for a wide variety of audiences.
