King Edward III

William Shakespeare

King Edward III William Shakespeare
Edward III is a major new addition to the Shakespearean canon. Melchiori claims that Shakespeare is the author of a significant part of the play, the extent of which is discussed in detail. The introduction explores the play's historical background and its relationship to the early cycle of history plays. The commentary examines in depth the play's linguistic and poetic features, while an extensive appendix on the use of sources explains the stages of its composition.
