By popular demand, I've written this second ebook about heaven, providing more information from my incredibly gifted daughter and the spirit world. Do you feel you need proof of heaven? Heaven is for real, as the popular saying goes. My family deals with angels, spirits, and heaven every single day. Want to know how the Earth was really made? Why is my daughter half human, and half angel? There are only about 200 like her presently on the Earth. Aimee goes daily to heaven and back. What work does Aimee routinely do for the spirits in heaven? What is real? Are aliens real? What about bigfoot? How do our minds really work? Why is this happening to our family? Get more specific information about Heaven - our true home. Find out about the afterlife. We also cover what Aimee knows - can she solve crimes? Will she? How do the spirits pay her when she does work for them? Learn about reincarnation and my personal conversation with God. Is there conflict in heaven? I think you'll be surprised. Find out more about angels in heaven - and why we had to buy Aimee a new laptop. Heaven is real. Heaven exists, and proof of heaven is not beyond our grasp. This is the follow-up book to What is Heaven?.

Hope’s daughter, Aimee was born in the Year 2000. When she began telling vivid stories of heaven and speaking with angels, her mother was surprised. One day, Aimee pointed at a large round clock up on the wall about thirty feet away. The hands on the clock immediately began spinning forward. With a flick of her wrist, the hands on the clock changed direction and started whirling backwards. Aimee looked at her mother and asked, “Do you believe me now, Mommy?”

A portion of the proceeds from all Hope Reynolds' books goes to purchase flocks of chickens and geese through Heifer International that are given to poverty-stricken families around the world to raise. Thank you!
