Dogwalker: Stories Arthur Bradford
Tender and satiric, hilarious and humane, **Dogwalker** plunks readers down in a land of misfits and the circumstantially strange–where one young man buys drugs from a dealer who locks his customers in a closet, while another lands a cat-faced circus freak for a roommate, and yet another must choose between his pregnant wife and the ten-pound slug he's convinced will bring him a fortune. And throughout these stories moves a divinely inspired collection of dogs: three-legged, no-legged, dogs that sing, that talk, and that give birth to humans. Brilliant, perplexing, and moving, this is a daring debut that strolls along society's fringes and unearths strange beauty among its misfits
