. . . And Those Who Oppose Them

The Monsters boxed set includes 6 metal figures that depict some of the most well-known monsters in the D&D game: dire rat, orc, displacer beast, ogre, and two uniquely posed goblins. Each creature has been sculpted in incredible detail according to its illustration in the new Monster Manual and is usable at the gaming table as a D&D game accessory. Hobbyists will appreciate the intricate craftsmanship of the figures and will enjoy painting and displaying them as part of their collections.

As every Dungeons & Dragons player knows, heroes are only half the game. Equally important in any good D&D adventure are the monsters that stand in the heroes' way. These fearsome beasts are challenging adversaries, testing the mettle of the heartiest adventurers as they lurk in dungeons and lay in wait for fresh victims.
