Survival Pantry: Ultimate Survival Guide With 20 Secrets to Food and Water Storage, Canning and Preserving (Self Defense, Foraging, Camping) Robert Keith
Disasters are unpredictable, sudden and destructive. Terrorists bombing in Belgium, earthquake leveling everything to the ground in Nepal, there is no telling where disasters will strike next. Moreover, global warming is like a ticking time bomb, who knows how the rising temperature will affect us! While some may let such disasters catch them unprepared, I believe we can plan ahead so that we have the best chance of surviving. We don’t need to depend on the inefficient works of government aid and be stuck in temporary camps in heinous conditions.
This book contains detailed explanations of how you can prepare yourself and save your entire family from disasters! It has a detailed explanation to guide you on which food you should stock up on, how much food you should store and how to store those foods. Moreover, it also has explanations of how to live off the land, grow your own food, camp outside and how to defend yourself. To make the book easier to understand, it is divided into three parts.
The first part focuses on food stockpiling. It also includes details on which food to store, how to store them and which system to eat them. Furthermore, it contains tips to ensure the longest utility from those food products. It has all the information you need to know to keep your family stay healthy longer.
The second part is all about self-sustenance. Store bought food is instant and ready to consume. However, it cannot compete with healthy, organic homemade food. It is possible to grow your own food and preserve food yourself. This book will explain the different methods of canning and preserving fruits, vegetables and meat without the use of a refrigerator. One chapter is dedicated solely for the purpose of explaining how to can food so that you can easily make it yourself. It will also elaborate on how you can forage food and live off the land.
The last section of the book is all about surviving. It contains survival hacks and explains how to camp in the wild. It also has a chapter committed to explaining how to hide your valuables. Surviving in the wilderness is a hefty task and with our guidance, it will become a piece of cake.
Preppers community will always be ready for whatever happens. This books is the best way to learn how to prepare for the uncertain future and has everything you will need to know.
